SUPPORT TRAIL TO ZERO

Dear Friends,

BraveHearts is the largest non-profit program in America providing equine therapy and various programs for veterans. Last year, we served 726 veterans in over 13,000 sessions all at no cost to any veteran. BraveHearts has two farms which operate year-round as a Premier Accredited Program. Last year, five veterans from BraveHearts rode through downtown New York City for 20 continuous miles with the full support of the NYPD Mounted Unit in awareness and exposure of BraveHearts programs where veterans attribute horses to saving lives.

We received so much positive feedback after the major ride that people started asking we duplicate the efforts in 2018 in Washington, DC. We are riding 20 miles in DC on Sept 8, 2018, and 20 miles in NYC on Sept 15, 2018.

Losing veterans every day in the US is an epidemic, and through Trail to Zero we hope to increase suicide awareness and prevention and, most importantly, to reduce the number of great men and women we lose daily who have served our country.

With a donation of at least $2,500 in support of this ride, we will feature your company logo on our website and t-shirt. Your support will go toward ride expenses such as a much-needed horse trailer and, most importantly, continued free equine programs for veterans.

Thank you for assisting in our mission. Our 2017, annual review can be seen here: braveheartsriding.org/about-us/2017annualreport. I have also included a few testimonials from veterans on what Trail to Zero and services at BraveHearts means to them.

Sincerely,
Meggan Hill-McQueeney, President/COO
